PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING:

Admission to trading and listing:

Application is expected to be made for the Securities to be admitted to trading on EuroTLX, a Multilateral Trading Facility managed by Borsa Italiana S.p.A., which is not a regulated market for the purposes of Directive 2014/65/EU on Markets in Financial Instruments.

No assurances can be given that admission to trading will be granted (or, if granted, will be granted by the Issue Date).

Subject to receipt of the authorization from Borsa Italiana S.p.A., the effectiveness of the offer is subject to the condition that the admission to trading is authorized by Borsa Italiana S.p.A. before the Issue Date (as also stated in Section 10 – paragraph “Conditions to which the offer is subject of the these Final Terms). The Certificates will start trading on EuroTLX within 5 business days from the

Issue Date.

Finally, MPSCS expressly reserves the right to trade the securities on his own account outside of any trading venues and to act as market maker and/or liquidity provider(specialist) in accordance with the rules and regulations of MIFID 2, as implemented in Italy and in accordance with the guidelines issued by the supervision authorities.

In such events, MPSCS shall provide bid/ask quotes for an amount of the Securities equal to the placed amount, to be determined based on the market conditions from time to time prevailing. In particular, in respect of the creditworthiness of the Guarantor, the 3 months EURIBOR will be increased by an asset swap spread determined as the asset spread of certain Guarantor's debt securities. The price so determined, in the case of "ask quotes" (purchase by the investor), shall be increased by a margin of up to a maximum of 0.50% per cent.; in case of "bid quotes" (sale by the investor), it shall be reduced by a margin of up to a maximum of 1.00% per cent.

2. RATINGS

Ratings: The Securities are not rated.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

MPS Capital Services Banca per le Imprese S.p.A. ("MPS CS" or the "Lead Manager") and the Distributor (as defined below) are, with respect to the offer of the Securities, in a position of conflict of interest with the investors as they are part of the same banking group (the Montepaschi Banking Group) and they have an economic interest in the distribution of the Securities.

MPS CS and the Distributor shall receive from the Issuer, respectively, the Structuring Fee and the Distribution Fee, as specified under paragraph 8 (vi) below.

MPS CS will apply for the Securities to be admitted to trading on EuroTLX. MPS CS expects that trading of the Securities on the MTF EuroTLX will commence, at the latest, within five (5) Business Days from the Issue Date, but no assurances can be given that admission to trading will be granted (or, if granted, will be granted by the Issue Date). MPS CS will act as specialist in accordance with the conditions of the Regulation of EuroTLX, available for viewing on the website www.borsaitaliana.it. The execution of sale and purchase orders on the MTF denominated EuroTLX® will occur pursuant to the operational rules of the MTF, published on the website www.borsaitaliana.it.

MPS CS will be acting as specialist, providing bid/ask quotes for the Securities traded on EuroTLX® for the benefit of the Securityholders.

Moreover, conflicts of interest may arise with respect to the distribution of the securities

because the Lead Manager acts (a) as hedging counterparty of Citigroup Global Markets Europe (CGME), which is part of the same group of the Issuer, in relation to the issuance of the Securities and (b) as specialist, providing bid/ask quotes for the securities for the benefit of the Securityholders. An application shall be made for the securities to be admitted to trading on the EuroTLX, on which the Lead Manager acts as specialist.

The Distributor and Lead Manager, or their affiliates may, in the ordinary course of business, perform activities involving other securities issued by the Issuer or other entities belonging to the Issuer's group, and, in that context, may have access to information regarding the Issuer or its group, but the Distributor, the Lead Manager or their affiliates, as applicable, will be not obliged to, and may be prevented from, making such information available to potential investors.

Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Issuer on its audited historical financial information.

What are the key risks that are specific to the Issuer?

The Issuer is subject to the following key risks:

- The Issuer is subject to intra-group credit risk. From time to time, the Issuer enters into derivative transactions with CGML to offset or hedge its liabilities to securityholders under securities issued by it (which may include the Securities). As such, the Issuer is exposed to the credit risk of CGML in the form of counterparty risk in respect of such derivative transactions. In particular, the Issuer's ability to fulfil its obligations under the Securities is primarily dependent on CGML performing its counterparty obligations owed to the Issuer in respect of such derivative transactions in a timely manner, and any failure by CGML to do so will negatively affect the ability of the Issuer to fulfil its obligations under the Securities. Securityholders will not have any recourse to CGML under any such derivative transactions.
- The Issuer may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Securities are likely to be adversely affected. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers.
- Following the military action by Russia in Ukraine, the U.S. has imposed, and is likely to impose material additional, financial and economic sanctions and export controls against certain Russian organisations and/or individuals, with similar actions implemented and/or planned by the European Union, the UK and other jurisdictions. The Group's ability to engage in activity with certain consumer and institutional businesses in Russia and Ukraine or involving certain Russian or Ukrainian businesses and customers is dependent in part upon whether such engagement is restricted under any current or expected U.S., European Union, UK or other countries' sanctions and laws, or is otherwise discontinued in light of these developments. Sanctions and export controls, as well as any actions by Russia, could adversely affect the Group's business activities and customers in and from Russia and Ukraine. Any negative impact of Russia's actions in Ukraine, and related sanctions, export controls and similar actions or laws on the Group, including the Issuer, could adversely affect the ability of the Issuer to fulfil its obligations under the Securities, and the value of and return on the Securities may also be adversely affected.

Qualifications in audit report on historical financial information: There are no qualifications in the audit report of the Guarantor on its audited historical financial information.

Key risks in respect of the Guarantor:

The Guarantor is subject to the following key risks:

- The Guarantor is exposed to concentrations of risk, particularly credit and market risk. As regulatory or market developments continue to lead to increased centralisation of trading activities, the Guarantor could experience an increase in concentration of risk, which could limit the effectiveness of any hedging strategies and cause the Guarantor to incur significant losses. The Guarantor may be affected by macroeconomic, geopolitical and other challenges, uncertainties and volatilities, including the global COVID-19 pandemic and the military action by Russia in Ukraine (and related sanctions, export controls and similar actions or laws), which may negatively impact the businesses of the Guarantor and its ability to fulfil its obligations under the Securities, and the value of and return on the Securities.
- The Guarantor may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Guarantor and/or any affiliate thereof, the liquidity and market value of the Securities are likely to be adversely affected. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers.
- If the relevant resolution authority is satisfied that the Guarantor is failing or likely to fail, and subject to certain other conditions being satisfied, the Guarantor may be subject to action taken by the resolution authority, including potentially the write down of claims of unsecured creditors of the Guarantor (such as under the deed of guarantee) and the conversion of unsecured debt claims (such as the under the deed of guarantee) to other instruments (e.g. equity shares), the transfer of all or part of the Guarantor's business to another entity, or other resolution measures. As a result of any such action, investors could lose some or all of their investment in the Securities.

What are the key risks that are specific to the Securities?

The Securities are subject to the following key risks:

- You should be prepared to sustain a total or partial loss of the purchase price of your Securities. The value of Securities prior to their scheduled termination may vary due to a number of interrelated factors including the value, dividend yield and volatility of the Underlying(s) and any changes in interim interest rates if applicable, and a sale of Securities prior to their scheduled termination may be at a substantial discount from the original purchase price and you may lose some or all of your investment. If, at maturity, a Termination Upper Barrier Event has not occurred and the Final Reference Level of the Final Performance Underlying is less than its Termination Initial Level, the Securities may be terminated for less than your initial investment or even zero. Further, you may receive no coupon if a Coupon Barrier Event does not occur.
- The Issuer's obligations under the Securities and the Guarantor's obligations under the deed of guarantee represent general contractual obligations of each respective entity and of no other person. Accordingly, payments under the Securities are subject to the credit risk of the Issuer and the Guarantor. Securityholders will not have recourse to any secured assets of the Issuer and Guarantor in the event that the Issuer or Guarantor is unable to meet its obligations under the Securities, including in the event of an insolvency, and therefore risk losing some or all of their investment.
- Securities may have no established trading market when issued, and one may never develop, so investors should be prepared to hold the Securities until maturity. If a market does develop, it may not be very liquid. Consequently, you may not be able to sell your Securities easily or at all or at prices equal to or higher than your initial investment and in fact any such price may be substantially less than the original purchase price. Illiquidity may have a severely adverse effect on the market value of Securities.
- Amounts due in respect of the Securities are linked to the performance of the Underlying(s), which is a security index. Global economic, financial and political developments, among other things, may have a material effect on the value of the component securities of, and/or the performance of, the Underlying(s), and in recent years, currency exchange rates and prices for component securities have been highly volatile. This may in turn affect the value of and return on the Securities. Where the Underlying(s) is a price return index, holders of Securities will not participate in dividends paid on the components comprising the Underlying(s) and such Securities may not perform as well as a position where such holder had invested directly in such components or where they invested in a "total return" version of the Underlying(s) or in another product.
- The Securities do not create an actual interest in, or ownership of, an Underlying. A Security will not represent a claim against an Underlying and, in the event that the amount paid on redemption of the Securities is less than your investment, you will not have recourse under any relevant Security to an Underlying or other items which may comprise the Underlying(s) in respect of such Securities. You will have no legal or beneficial interest in an Underlying. You may receive a lower return on the Securities than you would have received had you invested directly in an Underlying or through another product.
- The terms and conditions of Securities include provisions dealing with the postponement of dates on which the level of an Underlying is scheduled to be taken. Such postponement or alternative provisions for valuation provided in the terms and conditions of the Securities may have an adverse effect on the value of such Securities.
- The calculation agent may make adjustments to the terms of the Securities to account for the effect of certain adjustment events occurring in respect of the Securities or an Underlying and/or hedging arrangements, or may replace an Underlying with a new security index. Any such adjustments may have an adverse effect on the value of such Securities.
- In certain circumstances (for example, if the calculation agent determines that no calculation, adjustment or substitution can reasonably be made, following an event of default or certain events affecting an Underlying or the Issuer's hedging arrangements, or for reasons relating to taxation or illegality), the Securities may be early terminated. If the Securities are terminated early, the amount paid may be less than your initial investment and you may therefore sustain a loss.
- The effectiveness of the offer of Securities will be conditional upon admission to trading by the issue date. In the event such admission to trading does not take place by the issue date, the Issuer will withdraw the offer, the offer will be deemed to be null and void and the relevant Securities will not be issued. As a consequence, you will not receive any Securities, any subscription rights you have for the Securities will be cancelled and you will not be entitled to any compensation therefor.

KEY INFORMATION ON THE OFFER OF SECURITIES TO THE PUBLIC AND/OR THE ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in the Securities?

Terms and conditions of the offer

An offer (the "Italian Offer" or the "Offer") of the Securities may be made by the Issuer through the Lead Manager and the Distributor (as defined above) (the "Initial Authorised Offeror(s)") other than pursuant to Article 1(4) and/or 3(2) of the EU Prospectus Regulation during the period from (and including) 29 November 2022 to and including 27 December 2022 (the "Italian Offer Period") in Republic of Italy subject to any early termination or extension of the Italian Offer Period or termination of the Offer, as agreed in writing between the Issuer and the Lead Manager (as described below.)

The offer price is equal to 100 per cent. of the Specified Denomination of each Security (EUR 1,000) (the "Issue Price")

The offer of the Securities is conditional on their issue.

The Issuer may, at any time during the Italian Offer Period, with the prior written agreement of the Lead Manager, terminate the Italian Offer Period early at any time, also in circumstances where subscription for the Securities are not yet equal to the maximum Aggregate Principal Amount. Notice of the early termination of the Italian Offer Period will be given in one or more notices to be made available on the websites <https://it.citifirst.com/Home>, www.mpscapitalservices.it and www.gruppomp.it (and for the avoidance of doubt, no supplement to the Base Prospectus or these Final Terms will be published in relation thereto).

The Issuer may, at any time during the Italian Offer Period, with the prior written agreement of the Lead Manager, extend the Italian Offer Period. Notice of such extension of the Italian Offer Period will be given in one or more notices to be made available on the websites <https://it.citifirst.com/Home>, www.mpscapitalservices.it and www.gruppomp.it (and for the avoidance of doubt, no supplement to the Base Prospectus or these Final Terms will be published in relation thereto).

The Issuer, the Lead Manager and the Distributor have entered into a distribution agreement (the "Distribution Agreement") in connection with the Offer of the Securities. The Distribution Agreement may be terminated upon occurrence of certain circumstances set out therein. The Issuer shall, upon termination of the Distribution Agreement, at any time following the publication of these Final Terms and prior to the Issue Date, and with the prior written agreement of the Lead Manager, terminate the Offer of the Securities and, if so, no Securities will be issued. If the Offer of the Securities is terminated, a notice to that effect will be made available on the websites <https://it.citifirst.com/Home>, www.mpscapitalservices.it and www.gruppomp.it (and for the avoidance of doubt, no supplement to the Base Prospectus or these Final Terms will be published in relation thereto).

For the avoidance of doubt, if any application has been made by a potential subscriber and the Offer is terminated, all subscription applications will become void and of no effect without further notice, with no charge or cost for the potential subscriber and such potential subscriber shall not be entitled to subscribe or otherwise acquire the Securities.

During the Italian Offer Period, investors may apply for the subscription of the Securities during normal Italian banking hours at the offices (*filiali*) of the Distributor by filling in, duly executing (also by appropriate attorneys) and delivering a specific acceptance form (the “**Acceptance Form**”) from (and including) 29 November 2022 to (and including) 27 December 2022, subject to any early termination or extension of the Italian Offer Period or termination of the Offer of the Securities. Acceptance Forms are available at the Distributor’s office.

Subscription applications will be accepted until the Aggregate Principal Amount is reached during the Italian Offer Period. In the event that the requests exceed the Aggregate Principal Amount during the Italian Offer Period, the Issuer may, at any time during the Italian Offer Period, after consulting the Lead Manager terminate the Italian Offer Period early.

Applicants will be notified directly by the Distributor of the success of their application and amount allotted.

Estimated expenses or taxes charged to investor by issuer/offero

The Issue Price includes, (i) a distribution fee paid by the Issuer, through the Lead Manager, to the Distributor, of an amount from a minimum of 2.25% and a maximum of 2.75% . of the Principal Amount of the Securities effectively placed (the “**Distribution Fee**”) and (ii) a structuring fee paid by the Issuer to the Lead Manager of an amount from a minimum of 0.5625% and a maximum of 0.6875% of the Principal Amount of the Securities effectively placed (the “**Structuring Fee**”).

The exact amount of the Distribution Fee and of the Structuring Fee will be published not later than five Business Days after close of the Italian Offer Period on the website of the Issuer (<https://it.citifirst.com//Home>).

Who is the offeror and/or the person asking for admission to trading?

See the item entitled "Authorised Offeror(s)" above. The Lead Manager will apply for the Securities to be admitted to trading on EuroTLX.

The Lead Manager expects that trading of the Securities on the MTF EuroTLX will commence, at the latest, within five (5) Business Days from the Issue Date, but no assurances can be given that admission to trading will be granted (or, if granted, will be granted by the Issue Date).

The Lead Manager will act as specialist in accordance with the conditions of the Regulation of EuroTLX, available for viewing on the website www.borsaitaliana.it. The execution of sale and purchase orders on the MTF denominated EuroTLX will occur pursuant to the operational rules of the MTF, published on the website www.borsaitaliana.it.

The Lead Manager will be acting as specialist, providing bid/ask quotes for the Securities traded on EuroTLX for the benefit of the Securityholders.

Why is the Prospectus being produced?

Use and estimated net amount of proceeds when different from making profit

The net proceeds of the issue of the Securities will be used primarily to grant loans or other forms of funding to CGML and any entity belonging to the same Group, and may be used to finance the Issuer itself. The estimated net amount of proceeds is an amount equal to the final number of Securities issued on the issue date multiplied by the issue price per Security.

Underwriting agreement on a firm commitment basis: The offer of the Securities is not subject to an underwriting agreement on a firm commitment basis.

Description of any interest material to the issue/offer, including conflicting interests

Fees are payable to the Lead Manager and the Distributor. The terms of the Securities confer on the Issuer, the calculation agent and certain other persons discretion in making judgements, determinations and calculations in relation to the Securities. Potential conflicts of interest may exist between the Issuer, calculation agent and holders of the Securities, including with respect to such judgements, determinations and calculations. The Issuer, CGML and/or any of their affiliates may also from time to time engage in transactions or enter into business relationships for their own account and/or possess information which affect or relate to the Securities and/or the Underlying(s). The Issuer, CGML and/or any of their affiliates have no obligation to disclose to investors any such information and may pursue actions and take steps that they deem necessary or appropriate to protect their interests without regard to the consequences for investors. Save as described above, so far as the Issuer is aware, no person involved in the offer of the Securities has an interest material to the offer.

Moreover, conflicts of interest may arise with respect to the distribution of the securities because the Lead Manager acts (a) as hedging counterparty of Citigroup Global Markets Europe (CGME), which is part of the same group of the Issuer, in relation to the issuance of the Securities and (b) as liquidity provider (specialist), providing bid/ask quotes for the securities for the benefit of the Securityholders. An application shall be made for the securities to be admitted to trading on the EuroTLX, on which the Lead Manager acts as specialist.

Riserve nella relazione della società di revisione sulle informazioni finanziarie storiche: la relazione della società di revisione dell'Emittente non esprime riserve sulle informazioni finanziarie storiche certificate di quest'ultimo.

Quali sono i principali rischi che sono specifici per l'Emittente?

L'Emittente è soggetto ai seguenti rischi principali:

- L'Emittente è esposto al rischio di credito infragruppo. Di volta in volta, l'Emittente conclude operazioni in derivati con CGML per compensare o coprire le proprie passività verso i portatori dei titoli in base ai titoli di esso emessi (che possono includere gli Strumenti Finanziari). Pertanto, in relazione a tali operazioni su derivati l'Emittente è esposto al rischio di credito di CGML sotto forma di rischio di controparte. In particolare, la capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi degli Strumenti Finanziari dipende principalmente dal tempestivo adempimento da parte di CGML dei propri obblighi di controparte nei confronti dell'Emittente in relazione a tali operazioni su derivati e qualsiasi inadempienza da parte di CGML incide negativamente sulla capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi degli Strumenti Finanziari. I portatori di titoli non avranno alcun ricorso nei confronti di CGML ai sensi di tali operazioni su derivati.
- L'Emittente potrebbe non essere in grado di mantenere il proprio rating attuale. Qualora un'agenzia di rating riduca, sospenda o ritiri il rating assegnato all'Emittente e/o a una qualunque delle sue collegate, è probabile che la liquidità e il valore di mercato degli Strumenti Finanziari ne risentano. Un declassamento dei rating potrebbe avere un impatto negativo anche su altre fonti di finanziamento, ad esempio il finanziamento garantito e altri requisiti di margine, per le quali non esistono trigger esplicativi.
- A seguito dell'azione militare della Russia in Ucraina, gli Stati Uniti hanno imposto, e probabilmente imporranno ulteriori sanzioni finanziarie ed economiche e controlli sulle esportazioni contro alcune organizzazioni e/o individui russi, con azioni simili attuate e/o pianificate dall'Unione Europea, dal Regno Unito e altre giurisdizioni. La capacità del Gruppo di impegnarsi in attività con determinate imprese di consumo e istituzionali in Russia e Ucraina o che coinvolgono alcune imprese e clienti russi o ucraini dipende in parte dal fatto che tale impegno sia limitato o meno da qualsiasi azione in corso o prevista dagli Stati Uniti, Unione europea, Regno Unito o da sanzioni e leggi di altri paesi, o sia diversamente interrotto alla luce di questi sviluppi. Sanzioni e controlli sulle esportazioni così come eventuali azioni da parte della Russia, potrebbero influenzare negativamente le attività commerciali del Gruppo e i clienti in e dalla Russia e Ucraina. Qualsiasi impatto negativo delle azioni della Russia in Ucraina, e relative sanzioni, controlli sulle esportazioni e azioni o leggi simili sul Gruppo, incluso l'Emittente, potrebbero incidere in misura negativa sulla capacità dell'Emittente di adempiere ai propri obblighi ai sensi degli Strumenti Finanziari, e anche il valore e il rendimento degli Strumenti Finanziari potrebbero essere influenzati negativamente.

Fattori di rischio associati al Garante:

Il Garante è soggetto ai seguenti rischi principali:

- Il Garante è esposto a concentrazioni di rischio, in particolare al rischio di credito e al rischio di mercato. Poiché gli sviluppi normativi o di mercato continuano a portare a una maggiore centralizzazione delle attività di negoziazione, il Garante potrebbe sperimentare un aumento della concentrazione di rischio, che potrebbe limitare l'efficacia di qualsiasi strategia di copertura e causare perdite significative per il Garante. Il Garante può risentire di problemi macroeconomici, geopolitici e di altro tipo, incertezze e volatilità, inclusa la pandemia mondiale COVID-19 e l'azione militare della Russia in Ucraina (e relative sanzioni, controlli sulle esportazioni e similari azioni o leggi), che possono influire negativamente sulle attività del Garante e sulla sua capacità di adempiere agli obblighi che gli competono in relazione agli Strumenti Finanziari, nonché sul valore e sul rendimento degli Strumenti Finanziari.
- Il Garante potrebbe non essere in grado di mantenere il proprio rating attuale. Qualora un'agenzia di rating riduca, sospenda o ritiri il rating assegnato al Garante e/o a una qualunque delle sue collegate, è probabile che la liquidità e il valore di mercato degli Strumenti Finanziari ne risentano. Un declassamento del rating potrebbe avere un impatto negativo anche su altre fonti di finanziamento, ad esempio il finanziamento garantito e altri requisiti di margine, per le quali non esistono trigger esplicativi.
- Se l'autorità di risoluzione pertinente è convinta che il Garante stia fallendo o rischi di fallire, e a condizione che siano soddisfatte alcune altre condizioni, il Garante potrebbe essere soggetto ad azioni intraprese dall'autorità di risoluzione, tra cui potenzialmente la svalutazione dei crediti dei creditori non garantiti del Garante (come nell'atto di garanzia) e la conversione dei crediti non garantiti (come nell'atto di garanzia) in altri strumenti (es. ad esempio azioni), il trasferimento di tutta o parte dell'attività del Garante ad un'altra entità, o altre misure di risoluzione. Come risultato di tali azioni, gli investitori potrebbero perdere parte o tutto il loro investimento negli Strumenti Finanziari.

Quali sono i rischi principali che sono specifici per gli Strumenti Finanziari?

Gli Strumenti Finanziari sono soggetti ai seguenti principali rischi:

- Dovete essere pronti a sostenere una perdita totale o parziale del prezzo di acquisto dei vostri Strumenti Finanziari. Il valore degli Strumenti Finanziari prima del loro regolamento programmato può variare a causa di una serie di fattori interconnessi, tra cui il valore, il rendimento dei dividendi e la volatilità del/i Sottostante/i e qualsiasi cambiamento nei tassi di interesse intermedi, se applicabili, e una vendita degli Strumenti Finanziari prima del loro regolamento programmato può avvenire ad uno sconto sostanziale rispetto al prezzo di acquisto originale e si può perdere parte o tutto il proprio investimento. Se, alla scadenza, non si è verificato un Evento Barriera di Regolamento Superiore ed il Livello di Riferimento Finale del Sottostante della Performance Finale è inferiore al suo Livello Iniziale di Regolamento, il regolamento degli Strumenti Finanziari potrebbe essere inferiore rispetto al vostro investimento iniziale o addirittura zero. Inoltre, potreste non ricevere alcun coupon se un Evento Barriera del Coupon non si verifica.
- Gli obblighi dell'Emitente ai sensi degli Strumenti Finanziari e gli obblighi del Garante previsti dall'atto di garanzia rappresentano obblighi contrattuali generali per ciascuna rispettiva entità e nessun altro soggetto. Di conseguenza, i pagamenti effettuati ai sensi degli Strumenti Finanziari sono esposti al rischio di credito dell'Emitente e del Garante. I portatori degli Strumenti Finanziari non potranno fare ricorso ad alcuna attività garantita dell'Emitente e del Garante nel caso in cui l'Emitente o il Garante non siano in grado di soddisfare gli obblighi che loro competono ai sensi degli Strumenti Finanziari, neanche in caso di insolvenza, e quindi rischiano di perdere una parte o la totalità del proprio investimento.
- Gli Strumenti Finanziari potrebbero non avere un mercato di negoziazione consolidato al momento dell'emissione e tale mercato potrebbe non svilupparsi mai. Di conseguenza, gli investitori devono essere pronti a detenere gli Strumenti Finanziari fino alla scadenza. Qualora un mercato si sviluppasse, potrebbe non essere molto liquido. Di conseguenza, l'investitore potrebbe incontrare difficoltà a vendere facilmente i propri Strumenti Finanziari o potrebbe non riuscirvi affatto o potrebbe essere in grado di venderli a prezzi pari o superiori all'investimento iniziale o, ancora, tale prezzo potrebbe essere sostanzialmente inferiore al prezzo di acquisto originale. L'illiquidità può incidere in misura negativa rilevante sul valore di mercato degli Strumenti Finanziari.
- Gli importi dovuti a fronte degli Strumenti Finanziari sono legati all'andamento del/i Sottostante/i, che è un indice. Gli sviluppi economici, finanziari e politici globali, tra le altre cose, possono avere un effetto materiale sul valore dei componenti dei titoli, e/o sulla performance, del/i Sottostante/i, e negli ultimi anni, i tassi di cambio e i prezzi dei componenti dei titoli sono stati molto volatili. Questo può influire sul valore e sul rendimento degli Strumenti Finanziari. Se il/i Sottostante/i è un indice di rendimento dei prezzi, i detentori degli Strumenti Finanziari non parteciperanno ai dividendi pagati sui componenti che compongono il/i Sottostante/i e tali Strumenti Finanziari potrebbero non avere la stessa performance di una posizione in cui il detentore avesse investito direttamente in tali componenti o avesse investito in una versione "total return" del/i Sottostante/i o in un altro prodotto.
- Gli Strumenti Finanziari non creano una partecipazione effettiva in, o la proprietà di, un Sottostante. Uno Strumento Finanziario non rappresenterà un credito nei confronti di un Sottostante e, nel caso in cui l'importo pagato al momento del regolamento degli Strumenti Finanziari sia inferiore al vostro investimento, non potrete rivalervi sul Sottostante o alcun componente ricompreso all'interno di un sottostante. Non avrete alcun interesse o beneficio legale in un Sottostante. Potrete ricevere un rendimento sugli Strumenti Finanziari inferiore a quello che avreste ricevuto se aveste investito direttamente in un Sottostante o attraverso un altro

prodotto.

- I termini e le condizioni degli Strumenti Finanziari includono disposizioni relative al rinvio delle date in cui si prevede di ottenere il livello di un Sottostante. Tale rinvio o disposizioni alternative di valutazione previste nei termini e condizioni degli Strumenti Finanziari possono avere un effetto negativo sul valore di tali Strumenti Finanziari.
- L'agente di calcolo può effettuare rettifiche alle condizioni degli Strumenti Finanziari per tenere conto dell'effetto di alcuni eventi di rettifica che si verificano in relazione agli Strumenti Finanziari o ad un Sottostante e/o ad accordi di copertura, o può sostituire un Sottostante con un nuovo indice. Tali rettifiche possono avere un effetto negativo sul valore di tali Strumenti Finanziari.
- In determinate circostanze (ad esempio, se l'agente di calcolo determina che non è ragionevolmente possibile effettuare alcun calcolo, aggiustamento o sostituzione, a seguito di un evento di default o di determinati eventi che influenzano un Sottostante o gli accordi di copertura dell'Emitente, o per ragioni relative alla tassazione o all'illegittimità), gli Strumenti Finanziari possono essere regolati anticipatamente. Se gli Strumenti Finanziari vengono regolati anticipatamente, l'importo pagato potrebbe essere inferiore al vostro investimento iniziale e potrete quindi subire una perdita.
- L'efficacia dell'offerta degli Strumenti Finanziari sarà subordinata all'ammissione alla negoziazione entro la data di emissione. Nel caso in cui tale ammissione alla negoziazione non avvenga entro la data di emissione, l'Emitente ritirerà l'offerta, l'offerta sarà considerata nulla e non valida e i relativi Strumenti Finanziari non saranno emessi. Di conseguenza, non riceverete alcuno Strumento Finanziario, i diritti di sottoscrizione degli Strumenti Finanziari saranno cancellati e non avrete diritto ad alcun indennizzo.

<p>Le commissioni sono pagabili al Responsabile del Collocamento e al Collocatore. I termini degli Strumenti Finanziari conferiscono all'Emittente, all'agente di calcolo e ad alcuni altri soggetti la discrezionalità nell'effettuare giudizi, determinazioni e calcoli in relazione agli Strumenti Finanziari. Potenziali conflitti di interesse possono esistere tra l'Emittente, l'agente di calcolo ed i detentori degli Strumenti Finanziari, anche in relazione a tali giudizi, determinazioni e calcoli. L'Emittente, CGML e/o qualsiasi loro affiliata può anche di volta in volta effettuare transazioni o intrattenere rapporti d'affari per conto proprio e/o possedere informazioni che riguardano o si riferiscono agli Strumenti Finanziari e/o al/i Sottostante/i. L'Emittente, CGML e/o qualsiasi loro affiliata non hanno alcun obbligo di rivelare agli investitori tali informazioni e possono intraprendere azioni e prendere provvedimenti che ritengono necessari o appropriati per proteggere i loro interessi senza considerare le conseguenze per gli investitori. Salvo quanto sopra descritto, per quanto a conoscenza dell'Emittente, nessuna persona coinvolta nell'offerta degli Strumenti Finanziari ha un interesse rilevante nell'offerta.</p> <p>Inoltre, potrebbero sorgere conflitti di interesse con riferimento al collocamento degli strumenti finanziari in quanto il Responsabile del Collocamento agisce (a) come controparte di copertura di Citibank Europe Plc (CEP) Dublin, che fa parte dello stesso gruppo dell'Emittente, in relazione all'emissione degli Strumenti Finanziari e (b) come <i>specialist</i>, fornendo quotazioni in acquisto/vendita per gli Strumenti Finanziari a beneficio dei portatori degli strumenti finanziari. Verrà presentata domanda per l'ammissione degli strumenti finanziari alla negoziazione su EuroTLX, sul quale il Responsabile del Collocamento agisce come specialista.</p>
